PROFESSIONAL BACKGROUND

WEB DEVELOPER

Inbound Back Office | September 2020 - Present

Designed websites in WordPress, Hubspot, and Shopify using HTML/CSS, jQuery, and JavaScript.

Practiced constant communication with my team.

Went above and beyond to deliver the final products to clients in a timely manner.

VANDERBILT CODING BOOTCAMP - GRADUATE

April 2020 - October 2020

Learned full stack web development at an incredibly fast pace.

Learned multiple different technologies once a week.

Worked fully remote during the six month course which taught me how to be a self-starter.

Worked in teams to complete projects and mini-projects.
